9th EXECUTIVE LABOR UPDATES:
Symposium on the New DOLE
Department Order on
Contracting and Subcontracting

24 March 2017 (Friday) | 12:30pm - 5:00pm
 SMX Convention Center Function Room 4, Seashell Ln, Pasay City

In keeping with President Duterte's campaign promise, the new DOLE policy (Department Order 174) on contracting and sub-contracting is out. What are its provisions that will strengthen the rights of workers on security of tenure? How will it prevent labor-only contracting and restrict job contracting? Will the new policy allow some measure of flexibility to deal with the realities and imperatives of business? These and many more questions will be answered during the symposium.
